

Deployment:
Fraser Health Authority, 2012

Date: August 7-13, 2012

MMU Role

- Renovation Support
- Medical Education
- Emergency/Disaster Response
- Event Support
- Outreach Clinics

MMU Level of Capability

- Level 1: Outpatient & first-aid
- Level 2: Minor ill & injured
- Level 3: Emergency resuscitation
- Level 4: 1-3 & emergency life-saving surgery

Deployment Highlights

- Provided [2.5 Hour Clinical Familiarization Education](#) to clinicians from across Fraser Health;
- In partnership with St Paul’s Hospital Adult [Cystic Fibrosis Program](#), offered Cystic Fibrosis outreach for patients living in the Fraser Health region. This offering minimized extensive travel and time off that patients would normally have to dedicate to important routine check-ups;
- Provided event medical support at the 50th Annual [Abbotsford International Airshow](#), in partnership with St John Ambulance and BC Ambulance Service; and
- This deployment demonstrates the MMU [“bundling”](#) concept, where by multiple MMU services are delivered in a single outing.
